MnTC Goals: None

An activity course that examines and applies the fundamentals and skills of slow and fast pitch softball. History and rules of the game, terminology, score keeping, safety, field playing areas, drills, and entry level game strategies will be included. [BSU Focus: Performance and Participation]

B. COURSE EFFECTIVE DATES: 08/22/1997 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

1. Base-running
2. Basic offensive and defensive strategies
3. Force play and tag play
4. Hitting: grip, stance, ready position, swing
5. Pitching: stance, footwork, wind-up, follow through, arc and spin
6. Position play and coverage responsibilities
7. Safety and equipment
8. Softball guides and rules
9. Techniques: catching, overhand throwing, fielding
D. LEARNING OUTCOMES (General)
1. demonstrate knowledge of basic softball techniques and situational play.
2. demonstrate the ability to make a throw after fielding a fly ball and ground ball, using correct technique and the ability to contact a ball using correct hitting technique.
3. understand the history and evolution of the sport of softball.
4. develop softball skills that will contribute to their physical, social and emotional wellness.
5. examine how participation in softball can help them meet national physical activity guidelines.
6. demonstrate knowledge of basic softball rules and strategies.
7. demonstrate the ability to perform critical analysis/higher order thinking by critiquing then making changes in their execution of fielding a grounder and making a throw, fielding a fly ball and making a throw, and batting technique.
8. demonstrate the ability to write an analysis of their own physical activity behavior patterns.
9. analyze their own activity behavior for one week and compare it to national standards.
10. demonstrate safe behavior in the skill target setting and the elements of effective skill execution.
11. demonstrate knowledge and experience the benefits of course's "Skill for Life" as a lifetime skill/physical activity.
12. use their newly acquired knowledge to work collaboratively with an assigned class partner and/or to give quality of performance feedback.
13. demonstrate higher order thinking by demonstrating knowledge of strategies used by offensive and defensive teams during game play.
