Bemidji State University

IT 1502: Technical Foundations II

A. COURSE DESCRIPTION

Credits: 4
Lecture Hours/Week: *.*
Lab Hours/Week: *.*
OJT Hours/Week: *.*
Prerequisites: None
Corequisites: None
MnTC Goals: None

Exploratory introduction to the computer-related processes and techniques used to create 2-D images and layouts for the design industry. Computer-related applications used allow students to create and edit bitmap and metafile graphic images along with electronic publishing documents. Students also gain a basic understanding and experience in preparing and managing the image files for electronic and print output. Prerequisite: IT 1501 or consent of instructor.

B. COURSE EFFECTIVE DATES: 03/09/2003 - 08/25/2013

C. OUTLINE OF MAJOR CONTENT AREAS

None

D. LEARNING OUTCOMES (General)

None

E. Minnesota Transfer Curriculum Goal Area(s) and Competencies

None

F. LEARNER OUTCOMES ASSESSMENT

As noted on course syllabus

G. SPECIAL INFORMATION

None noted
