NRSG 3140: Advanced Health Assessment

A. COURSE DESCRIPTION

Credits: 3
Lecture Hours/Week: *.*
Lab Hours/Week: *.*
OJT Hours/Week: *.*

Prerequisites:
NRSG 3100 - Concepts of Nursing and Health Care
Corequisites: NRSG 3100 and NRSG 3100

Integrates understanding of altered physiologic states and principles of psychosocial and holistic nursing into a comprehensive approach to advanced nursing assessment for individuals across the lifespan. Guides the student in collecting and interpreting history information, physical information, and results of diagnostic studies. Analysis of information results in nursing diagnoses. Emphasis on advanced assessment process to evaluate response to nursing care. Prerequisite: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

B. COURSE EFFECTIVE DATES: 05/11/2011 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

1. Advanced Assessment Processes
2. Altered Physiologic States
3. Diagnostic Studies
4. Holistic Nursing
5. Interpreting History, Physical Information
6. Nursing Care Response
7. Nursing Diagnoses

D. LEARNING OUTCOMES (General)
