A. COURSE DESCRIPTION
Credits: 1
Lecture Hours/Week: *.*
Lab Hours/Week: *.*
OJT Hours/Week: *.*
Prerequisites: None
Corequisites: None
MnTC Goals: None
An introduction to biochemistry, cell and molecular biology careers and curriculum planning for BCMB majors or students considering pursuing a BCMB degree.

B. COURSE EFFECTIVE DATES: 08/27/2018 - Present

C. OUTLINE OF MAJOR CONTENT AREAS
1. A review of the BCMB major.
2. An overview of career options in the area of biochemistry, cell biology, molecular biology and the bioscience industry.

D. LEARNING OUTCOMES (General)
1. identify a series of potential career options and draft multiple potential career plans.
2. learn the range of career options available to in the biochemistry and biotechnology fields including research, medicine, and healthcare careers.
3. create an educational plan for an undergraduate degree to support those career options.
4. finalize a career plan with options A and B.

E. Minnesota Transfer Curriculum Goal Area(s) and Competencies
None

F. LEARNER OUTCOMES ASSESSMENT
As noted on course syllabus

G. SPECIAL INFORMATION
None noted
