Bemidji State University

NRSG 3008: Acute Care Practicum II

A. COURSE DESCRIPTION

Credits: 4
Lecture Hours/Week: 0
Lab Hours/Week: 0
OJT Hours/Week: *. *
Prerequisites: None
Corequisites: None
MnTC Goals: None

The nursing process, incorporating a holistic view, serves as the framework for the provision of nursing care across the lifespan. Learning experiences include laboratory and a variety of rural health care environments. Clinical rotations may include labor & delivery, postpartum & nursery, pediatrics, obstetrics & gynecology, wound or ostomy, acute rehab, or others as assigned. Prerequisite(s): Pre-licensure track enrollee, NRSG 2203, NRSG 2204, NRSG 2207; Co-requisite NRSG 3010 or NRSG 3020.

B. COURSE EFFECTIVE DATES: 08/16/2021 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

1. Clinical shifts
2. Holistic assessment
3. Fluid balance
4. Laboratory values
5. Radiology and imaging
6. Pharmacological therapies
7. Wound management

D. LEARNING OUTCOMES (General)

1. use the nursing process as a framework in designing and providing holistic care across the lifespan.
2. provide nursing care across the lifespan that supports promotion, attainment, and preservation of health, within a variety of settings.
3. apply theory to practice in the provision of nursing care.
4. demonstrate competencies in assessment, clinical judgment, and intervention strategies.
5. provide safe, quality, culturally congruent care to individuals and families.

E. Minnesota Transfer Curriculum Goal Area(s) and Competencies

None

F. LEARNER OUTCOMES ASSESSMENT

As noted on course syllabus

G. SPECIAL INFORMATION

None noted
