## NURS 1001: Nursing Assistant

### A. COURSE DESCRIPTION

Credits: 5

Lecture Hours/Week: 4

Lab Hours/Week: 2

OJT Hours/Week: \*.\*

Prerequisites:

READ 0090 - Introduction to College Reading and Writing (Minimum grade: 1.67 GPA equivalent)

Corequisites: None

MnTC Goals: None

Introduces concepts of basic human needs, health/illness continuum, and basic nursing skills in long-term care and/or home care environments. Skills are taught in a simulated laboratory setting utilizing demonstration and role-playing. Upon successful completion of classroom studies, the student will participate in 24 hours of supervised clinical experience in a long-term care facility. This course meets the objectives of the Federal OBRA and Minnesota Department of Health requirements as detailed for educating the nursing assistant. Students should be fluent English speakers. Course includes a malpractice insurance fee. Note: To complete the requirements of the course students will need to receive a criminal background clearance. Please refer to the Criminal Background section of the catalog for more information on the criminal background study. Prereq: Completion of READ 0090 or placement into READ 0093 or higher; HCM 1111 Medical Terminology recommended.

**B. COURSE EFFECTIVE DATES:** 08/24/2009 - Present
