ABCT 1601: Special Projects Lab (1 cr)

A. COURSE DESCRIPTION

Credits: 1
Lecture Hours/Week: *.*
Lab Hours/Week: 2
OJT Hours/Week: *.*
Prerequisites: None
Corequisites: None
MnTC Goals: None

Special projects lab is a variable credit value lab that allows students to contract for 1-4 credits of arranged lab time. This lab time can be used as a way to meet elective credits for certificates, diploma, or AAS degree. This lab can also allow a student to work on specific project of interest providing they have the skills to work independently with only minimal impact on instructional staff working with students enrolled in required courses. All project work must be performed according to an approved repair plan with instructor and all shop safety practices and equipment usage procedures adhered to. (Prerequisite: Instructor approval) (1 credits: 0 lecture/1 lab)

B. COURSE EFFECTIVE DATES: 11/29/1999 - Present
