ACCT 2225: Intermediate Accounting II

A. COURSE DESCRIPTION

Credits: 3
Lecture Hours/Week: 3
Lab Hours/Week: *.*
OJT Hours/Week: *.*

Prerequisites:
This course requires either of these prerequisite categories
1. ACCT 2223 - Intermediate Accounting I
   Or
2. ACCT 2224 - Intermediate Accounting I

Corequisites: None
MnTC Goals: None

This course is a continuation of Intermediate Accounting I. Students apply generally accepted accounting principles to valuation of liabilities and account for contingent obligations, investment activities, and financing activities. This course emphasizes meeting the requirements for full disclosure. (Prerequisites: ACCT 2223 Intermediate Accounting) (3 Credits: 3 lecture/0 lab)

B. COURSE EFFECTIVE DATES: 01/30/2013 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

1. Current Liabilities and Contingent Obligations
2. Investing Activities
3. Financing Activities
D. LEARNING OUTCOMES (General)
1. Explain the nature, classification, and valuation of a liability. Identify and account for contingent obligations, including warranties and premiums. Describe the presentation and disclosure of current liabilities and contingent obligations.

2. Identify and compute costs included in the acquisition, disposal and impairment of property, plant and equipment. Explain and calculate depreciation and depletion using various time-based and activity-based methods. Understand the disclosure of depreciable assets. Account for the initial valuation, amortization, and impairment of intangible assets. Understand the classification and valuation for investments in debt and equity securities including disclosure of investments.

3. Focus on the characteristics of long-term bonds and notes payable. Compute and record issue price and amortization of discounts and premiums associated with bonds. Students will understand accounting for long-term notes payable. Define and account for the issuance of capital stock and share-based compensation plans. Prepare a statement of shareholders' equity and compute basic earnings per share including the computation of weighted average common shares. Understand disclosure of financing activities.
