MN State College Southeast

NURS 2410: Family Nursing

A. COURSE DESCRIPTION
   Credits: 3
   Lecture Hours/Week: 2
   Lab Hours/Week: 3
   OJT Hours/Week: *.*
   Prerequisites: None
   Corequisites: None
   MnTC Goals: None

   This course will provide the student an integrative, family-centered approach to the care of mothers,
   newborns, and children. Emphasis is placed on normal and abnormal conditions of pregnancy, normal
   growth and development, family structure and function, family dynamics, health and illness states of
   children, and the promotion of safe, healthy behaviors in the growing family. Clinical experiences provide
   the student an opportunity to apply theoretical concepts and implement collaborative, safe patient care to
   mothers, newborns, and children in select settings. Emphasis is also placed on the management of growing
   families facing emotional and psychological stressors, as well as the promotion and maintenance of the
   mental health of individuals and families. Prerequisites: NURS1400, NURS1410, NURS1420,
   NURS1460, and NURS1430 if LPN (3 credits: 2 lecture/1 lab)

B. COURSE EFFECTIVE DATES: 08/01/2021 - Present

C. OUTLINE OF MAJOR CONTENT AREAS
   None

D. LEARNING OUTCOMES (General)
   None

E. Minnesota Transfer Curriculum Goal Area(s) and Competencies
   None

F. LEARNER OUTCOMES ASSESSMENT
   As noted on course syllabus

G. SPECIAL INFORMATION
   This course may require use of the Internet, the submission of electronically prepared documents and the
   use of a course management software program. Students who have a disability and need accommodations
   should contact the instructor or Student Services at the beginning of the semester. Special program needs
   include a calculator, nursing uniform, insignia patch, Minnesota State College Southeast name tag,
   stethoscope, and watch with a second hand. A student enrolled in this course must have current
   immunizations, CPR certification, passed a background check, and must be able to provide their own
   transportation to class and clinical locations. The student must also be of good health and able to lift and
   transfer patients without restriction.
