A. COURSE DESCRIPTION

Credits: 3
Lecture Hours/Week: 2
Lab Hours/Week: 1
OJT Hours/Week: *.*

Prerequisites:
This course requires all three of these prerequisites:
  - CARP 1510 - Framing and Construction I (Number of Years Valid: 5)
  - CARP 1538 - Framing and Construction II (Number of Years Valid: 5)
  - CARP 1641 - Architectural Drafting (Number of Years Valid: 5)

Corequisites: None
MnTC Goals: None

Learners use computers to estimate materials, labor, bidding, and job cost for residential and commercial construction. This course focuses on the various computer estimating programs available to contractors. In addition, there is a focus on the construction business and the problems builders have in maintaining a good set of useful books. Learners utilize a computer accounting program designed especially for the construction industry. Prerequisite: CARP1510, CARP1538, and CARP1641.

B. COURSE EFFECTIVE DATES: 12/05/1997 - Present

C. OUTLINE OF MAJOR CONTENT AREAS
