MELT 1602: Basic Laboratory Techniques

A. COURSE DESCRIPTION
   Credits: 2
   Lecture Hours/Week: 1
   Lab Hours/Week: 2
   OJT Hours/Week: *
   Prerequisites: None
   Corequisites: None
   MnTC Goals: None

   This is an introductory course to the medical laboratory profession. Emphasis of this course includes safety, universal precautions, infection control, first aid, and OSHA requirements. A discussion of the role of the medical laboratory technician and other healthcare personnel is presented. Other topics include chemical and water quality, laboratory glassware, basic laboratory equipment, quality assurance, quality control, ordering laboratory supplies and laboratory math. This course provides a foundation to all other MELT courses.

B. COURSE EFFECTIVE DATES: 08/26/2002 - Present

C. OUTLINE OF MAJOR CONTENT AREAS
