MELT 2741: Clinical Blood Bank

A. COURSE DESCRIPTION

Credits: 2
Lecture Hours/Week: *.*
Lab Hours/Week: *.*
OJT Hours/Week: 6
Prerequisites:
This course requires the following prerequisite
MELT 1632 - Immunohematology (Blood Bank) (Number of Years Valid: 3)
Corequisites: None
MnTC Goals: None

This course provides further instruction and study of the techniques of blood group serology, compatibility testing, and the selection of the proper blood component for the patient. Adverse reaction to blood products and reaction investigations are discussed. Discussions of donor screening, blood processing, and component preparations are in accordance with the American Association of Blood Bank Standards. This course is taken as part of the clinical rotation through blood bank.

B. COURSE EFFECTIVE DATES: 08/27/2012 - Present
