HEFI 2630: Preparation for Certification Exams

A. COURSE DESCRIPTION

Credits: 1

Lecture Hours/Week: 1

Lab Hours/Week: *.*

OJT Hours/Week: *.*

Prerequisites:

This course requires all four of these prerequisites

- HEFI 1602 - Training Principles & Methodology II (Number of Years Valid: 5)
- HEFI 1612 - Anatomy, Biomechanics, & Exercise Physiology II (Number of Years Valid: 5)
- HEFI 1615 - Program Design & Application I (Number of Years Valid: 5)
- HEFI 1605 - Cardiovascular & Group Fitness Training: Principles & Practices (Number of Years Valid: 5)

Corequisites: None

MnTC Goals: None

This course provides students the opportunity to explore specialized fitness certifications, preparing and completing the certification process for a selected and instructor approved professional organization. Course participants are encouraged to examine their personal skills and preferences to determine areas where they predict success and satisfaction in employment. Students will research multiple credible possibilities for certification, explain and justify their personal selection, develop and execute a plan and timetable to adequately prepare for achieving success, and schedule and participate in the certification process. Class participants will provide documentation of time devoted to adequately prepare for selected certification. Prerequisite: HEFI1602, HEFI1605, HEFI1612, and HEFI1615.

B. COURSE EFFECTIVE DATES: 01/11/2016 - Present

C. OUTLINE OF MAJOR CONTENT AREAS
