EXSC 1680: Lifetime Fitness

A. COURSE DESCRIPTION
   Credits: 2
   Lecture Hours/Week: 1
   Lab Hours/Week: 2
   OJT Hours/Week: *.*
   Prerequisites: None
   Corequisites: None
   MnTC Goals: None

   This course provides a comprehensive understanding of the principles of health, wellness, and fitness concepts. Students will learn about the dimensions of wellness and how each plays an integral role in achieving overall wellbeing. The course will cover fitness components, training variables, behavior change process, and the relationship between food choices and overall health. Students will also explore the impact of stress on wellness and examine the role of fitness and wellness in disease prevention and risk reduction. Through this course, students will develop the knowledge and skills needed to create a personal fitness program that promotes a healthy and active lifestyle.

B. COURSE EFFECTIVE DATES: 04/27/2023 - Present
